

Merry Christmas Eve!

Dear _____,

Tonight is the big night! My sleigh is packed, the reindeer are ready, and the stars are shining bright over the North Pole. I can hardly wait!

The elves worked hard all year long. The toys are wrapped, the bells are polished, and now it is time for me to fly around the world.

Here is a little secret: I can only visit when children are fast asleep. So snuggle into bed, close your eyes and dream happy dreams.

I will be there before you know it. Merry Christmas!

Love,

Santa
