

From the Desk of Santa Claus

Dear _____,

Thank you for your wonderful letter! It came all the way to the North Pole, and I read every word. It made me smile from ear to ear.

My elves passed it all around the workshop so everyone could see it. They loved it too, and so did the reindeer.

I can tell you have a kind heart. Keep being helpful, keep being brave, and always keep being you.

Christmas is coming soon! The reindeer are ready, my sleigh is shiny, and the elves are wrapping presents day and night. Sleep tight on Christmas Eve, because that is when I fly.

Love,

Santa
